THE HISTORY OF ALKALINE WATER

Nordenau, Germany

Since Hundreds of years, these few miracle places have maintained a legendary status as a natural source for a “Miraculous water” to control various diseases.

In 1950 's Russian & Japanese scientists did a research on these 5 places waters .They discovered all these Miracle Water have few things in common.

- 1. Active hydrogen.*
- 2. Alkalinization.*
- 3. Micro-Clustered.*

Scientist through Research & Development invented a Medical Device,(water ionizer) in japan to convert normal drinking water into “miracle water” .

in the year 1974a Japanese company manufactured the gigantic commercial water Ionizers for Hospitals, after drinking this water many patients got good results in their health .After two decades of successful demonstration of Health benefits in Japanese Hospitals realized

About Distilled water & Reverse Osmosis

"Sure it's pure. But at what cost water without minerals will scavenge them from your bone and every else in your body as it moves through you. Water has an inherent need for minerals and if it doesn't have them, it will go find and take them....."

From the book “Killing cancer-Not people”

ALKALINE Water is endorsed for medical use by Japanese Ministry of Health & Welfare

Root Cause of Cancer

Dr. OTTO HEINRICH WARBURG

winner of the 1931 Nobel Prize in Physiology

Discovered the Cause of Cancer in "1923"

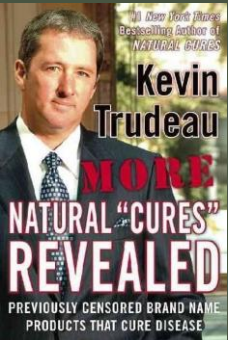

"CANCER grows in Oxygen Deprived ACIDIC tissue"

"DISEASES cannot survive in an ALKALINE BODY"

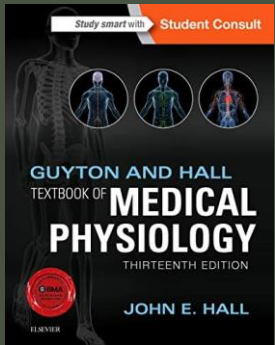

"Cancerous tissues are acidic, where as healthy tissues are alkaline"

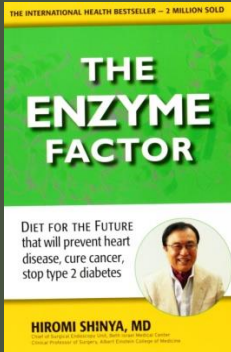

"Deprive a cell 35% of its Oxygen for 48 Hours and it may become cancerous"

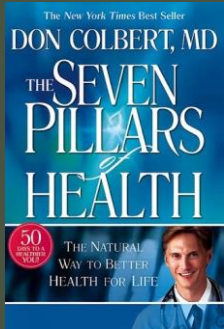

Every single person who has cancer has a pH that is too ACID. "When your body pH is alkaline...No ILLNESS, NO DISEASE"

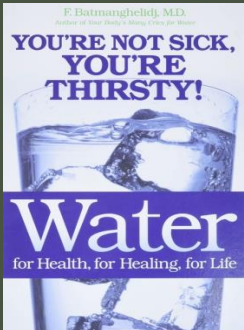

"The cells of a Healthy body are Alkaline The cell of Diseased body are Acidic"

IONPURE IONIZER Water is Alkaline rich water (pH 8-9) and is considered very best drinking water because of it's incomparable powers of hydration, Detoxification and anti-oxidation

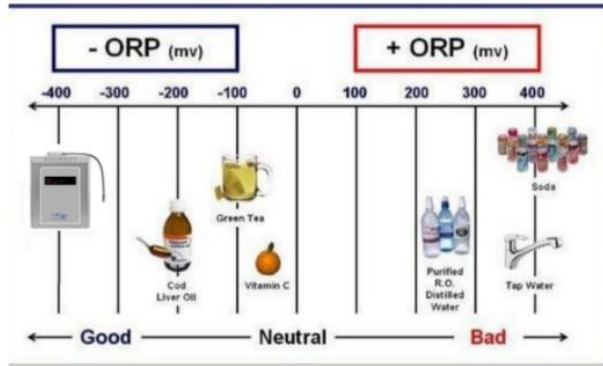

Your body thrives in an ALKALINE ENVIRONMENT since it is able to detoxify more efficiently.

You are not sick you are thirsty. How water cured incurable diseases

3 PROPERTIES OF ALKALINE WATER

Anti Oxidation

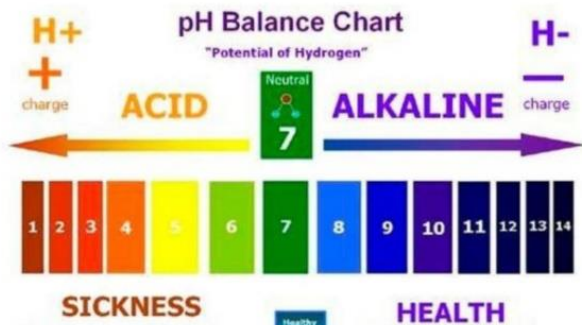

Antioxidants protect the body from damage caused by harmful molecules called free radicals.

Antioxidants safely interact with free radicals and terminate the chain reaction of oxidation before cells are damaged. Cells Ofuntion poorly or die due to Oxidation.

To prevent free radicals damage (Oxidation) body needs excess antioxidants.

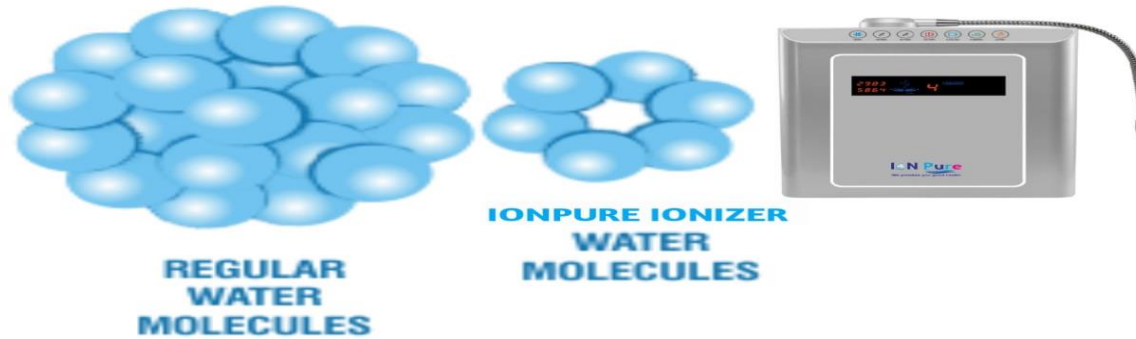

Alkaline

Alkaline is the "Normal" state of Healthy person ,body tends to be acidic due to Acidic diet, stress and environmental toxins.

Alkalinized Water helps body in maintaining healthy Ph. Disease grow in Acidic& hypoxic issue, dieses can't survive in healthy alkaline body.

Micro Clustering

Tap or bottled water has large clusters of 15-20 molecules. Ionization process restructures water clusters to 5-6 molecules, smaller cluster means, water is able to penetrate the cells much faster. Therefore providing superior hydration for body.

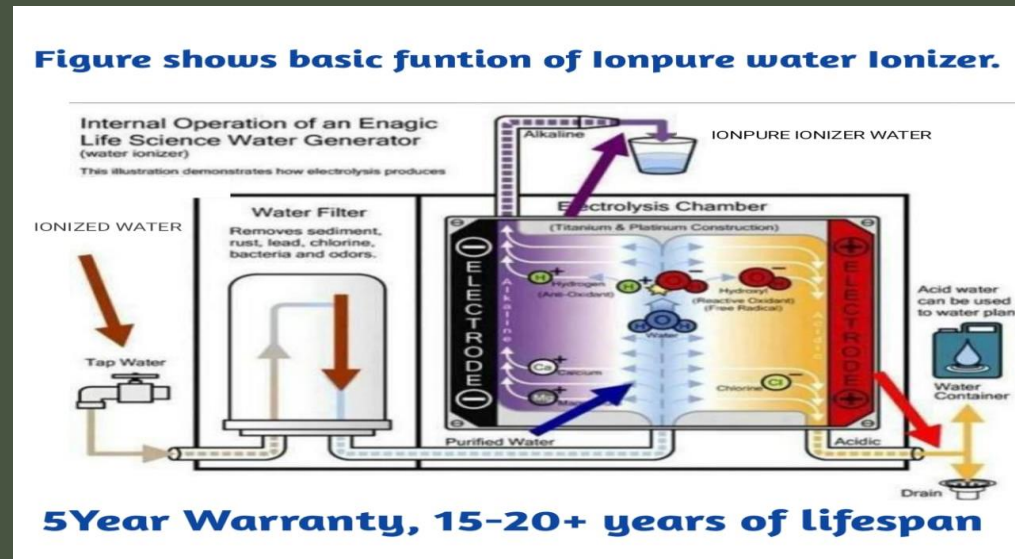

4 HEALTH BENEFITS OF ALKALINE WATER

IONPURE

- *Antioxidant water protects our body cells from Oxidation damage*
- *Alkalined water helps body in maintaining healthy PH.*
Disease can't survive in Healthy alkaline body .
 - *Micro - Clustered water easily penetrates into cells, provides superior hydration & Oxygenation for cells Detoxification of the acidic waste from body, and also Helps in nourishment & healthy growth of tissue.*
- *Preserves the body to homestasis, increases immunity .*
- *Promotes better sleep, more energy & weight loss.*

6. CERTIFICATION AND AWARDS

1

ANTI OXIDANT

Prevents & Heal Oxidative damage caused to cells by free radicals, which reduce the effects of natural aging process in body

2

ALKALINE

ALKALINE is "Normal" state of Healthy body, this water helps body in maintaining healthy pH, Disease grow in acidic & Hypoxic in Healthy alkaline cells.

3

HYDRATION & OXYGENATION

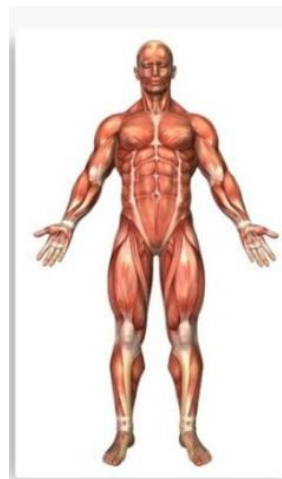

Micro clustered water does effective transportation of nutrition & oxygenation. It can easily penetrate into each & every cell. Also helps in nourishment & Healthy growth of children.

4

Detoxification

Micro clustered water can easily dissolve & removes accumulated metabolic wastes within the cells, which promotes healthy metabolism in cells.

Presence of Water in human Body

Alkaline Water Health Benefits ?

- * Aids in weight Loss
- * Better hydration
- * Balance Body pH
- * Detoxifies Body
- * Helps recover easily from Acidosis
- * More Oxygenation

Mild Moderate Severe

Acidity	Weight Gain	Heart Problems
Constipation Frequent Infection	Migraine Endometriosis	Diabetes Osteoporosis
Body Odor lack of enthusiasm Headache	Insomnia Delression sinusitis	Obesity Arthritis Ulcerative Colitis
Teeth Problem	Skin Diseases Allergies	Cancer Psoriasis Kidney failure

High Blood Pressure

The Blood normally about 83% water when the body is fully hydrated. When dehydrated, the blood becomes thicker causing resistance to blood flow and resulting in elevated blood pressure.

Constipation

Colon is one of primary region of the body to draws water from, in order to provide fluids for other critical body functions. Without adequate water fecal matter moves through the large intestines much more slowly or sometimes not at all, that resulting in constipation.

Skin Disorders

Dehydration impairs the elimination of toxins through the skin and makes it more vulnerable to all types of skin disorders, including dermatitis, premature wrinkling and discoloration.

Joint Pain/stiffness

All Joints have cartilage padding which is composed mainly of water, when body is dehydrated, cartilage is weakened and joint repair is slow resulting in pain and discomfort.

Asthma & Allergies

When dehydrated body constrict air ways to conserve water. The rate of histamine produced by the body increases as the body loses more and more water this precipitate Asthma & Allergies.

High Cholesterol

When body is dehydrated, it will produce more Cholesterol to prevent water loss from the cells.

Weight Gain

When dehydrated, cells are deprived of energy. As a result people tend to eat more, which leads to obesity.

Digestive disorders

shortage of water and alkaline minerals, such as calcium and magnesium can lead to number of digestive disorders, including ulcers, gastritis and acid reflux.

Bladder/Kidney Problems

With a dehydrated body, the accumulations of toxins and acid waste creates Acidic environment where bacteria thrive. Resulting in the bladder and kidney to be more prone to infection, inflammation and kidney stones.

Fatigue

Water is the most vital source of energy in the body. Dehydration causes the enzymatic activity to slow down ,resulting in tiredness and fatigue.

Premature Aging

Skin is the largest organ of the body ,chronic dehydration results in wrinkling and signs of premature aging.

DRINK PURE WATER

STAY HEALTHY..

JON PURE

A photograph of a clear glass being filled with water. The water is being poured from above, creating a dynamic splash. The glass sits on a wet, reflective surface, likely a table, with water droplets scattered around. The background is a soft, out-of-focus light blue. The text 'ION PURE' is overlaid on the left side, and 'THANK YOU' is overlaid on the right side, both in a handwritten font. There are several horizontal and vertical lines of varying lengths and colors (black and blue) scattered across the image.
